

ASTON MARTIN

Your Personal Specification

Exterior

DBS shape is unmistakably Aston Martin, but stronger, broader and more muscular than ever, not at a stylist's whim but to cool and control the most powerful production Aston Martin ever. The DBS is dominated by a breath-taking hexagonal grille, combining a sense of unbounded strength with the most natural beauty. This sets the visual agenda for the entire car while simultaneously feeding the insatiable appetite for oxygen of the mighty 715bhp engine.

Interior

Where others stop, we start. Settle into the sumptuous, leather upholstered interior of the DBS and see how our high-performance seats support your body to perfection. In both the driver and passenger seat you are home before the journey has even commenced.

This configuration is not an offer to sell and is merely an indication of the types of Aston Martin vehicles, options or accessories which may be available for purchase from an authorised Aston Martin dealer. Any purchase is subject to the terms and conditions of sale (including prices) issued by the particular dealer. Any vehicles depicted are for illustrative purposes only and are not featured here. Each vehicle or option described in this document is subject to availability. Features and specifications may vary according to each market. All information in this document is subject to change by Aston Martin without notice. Aston Martin makes no warranties, representations or guarantees of any kind, express or implied, in addition to the vehicles and options presented, including but not limited to, the accuracy, currency or completeness of the information given in the Aston Martin website configuration.

Official Government fuel consumption figures in litres/100km (mpg) for the Aston Martin DBS Superleggera V12 Coupe: WLTP Urban 13.4 (21.0), WLTP High 11.3 (25.1), WLTP Low High 11.3 (24.6), WLTP Combined 11.5 (26.9), WLTP CO2 Emissions: 306 g/km (19.0) Combined CO2. For information only: 2015 g/km Urban RDE (mpg) 18.1, 19.1, 19.1; Complete RDE (mpg) 25.0, 25.0, 25.0 (11.5, 11.5, 11.5). RDE ID: 0965CF-2018-2024. TA Number: 4972122007240107032007141293.

The specified consumption and emission values were obtained in accordance with the legally prescribed harmonized test procedure for passenger cars and light commercial vehicles ("Vorschau harmonized Light Vehicle Test Procedure", WLTP), a more realistic test method for measuring fuel consumption and CO2 emissions than the previous New European Driving Cycle ("NEDC") method. The fuel consumption you observe under real driving conditions and the CO2 produced will depend upon a number of factors including the accessories fitted after registration, driving style, terrain conditions and vehicle load.
